INDORSED BY GOOD GOVERNMENT CLUB. RESOLUTIONS PASSED SUPPORTING JUSTICES

DALY, COHEN AND TAFT.
Good Government Club E, of which J. Augustus Johnson is the president, passed resolutions on bin expects to announce in a day or two the esday evening, as follows:

Resolved. That an independent judiciary is essential to the protection of the rights of citizens, and that in the judgment of this club the election of Justice Duly, Justice Cohen and Henry W. Taft to the Supreme Runch is to be desired, and should be promoted by every proper effort; that this club chould co-operate with the committee of the Bar Association; that its rooms be placed at the disposal of said committee during the present campaign, and that the members of the club be invited to serve as watchers at the polis.

Resolved. That greater efforts should be made by the municipal authorities to turnish adequate chool accommodation for the thousands of children not yet provided for, as required by the Constitution and laws of New-York, and that more school buildings should be erected or leased and promptly supplied with competent reachers, to meet facility needs without overcrowding.

Resolved. That all city officials who fall to perform their full driv toward me school population meet to condemnation as betrayers of a great public trust.

It seems that public sentiment is rather averse to the assumption of the 10,000 cm indebtelness, except as regards that small part of it which may have gone toward improving the port and city of Manila. There is a natural feeling that the United Manila that having been forced into an expensive war, should not add to the cost of that war by assuming any Spanish Enolities.

# AN UNFORTUNATE DISPOSITION.

From The New-Orleans Times-Democrat Annexation, we think, is a very unfortunate disposition to mask of the Philippine group, and a
good deal more unfortunate for the United States

It is only the first step toward a regular and constitution form of government, and it will give way later to an Assembly truly representative of all the people of Cuba. Now, these men can urge with some degree of reason that they have not been fairly treated; that the President has taken advantage of them, that the war being ended, their engagement is also ended. True, the President has been compelled to hold that the war is not ended technically until peace is declared, but this smacks more of the letter than the spirit. At all events, peace must soon be declared, and then he must distand the volunters, unless he decides that the Government has the option of keeping them for two jears, even if peace he declared. It is safe to say he will not so so far.

# NEGRO TROOPS DO NOT OBEY ORDERS.

FICERS-THREATENED WITH MILL-TARY DISCIPLINE.

Camp Poland, Knoxville, Tenn., Nov. 2.—The camp of the 6th Virginia (colored) Regiment was this morning the scene of a mutiny among the men of the command. The men in several companies refused to obey commands issued by the nine white officers who were recently assigned to the regiment by Governor Tyler of Virginia. The officers were assigned to the various companies a few days ago, and there has existed a feeling of discontent among some of the negroes, who preferred to be commanded by officers of their own race. The was fair and mild. The temperature ranged between 48 feeling has grown until it showed itself this morn- and sit degrees, the average 1545, degrees) being 5% dereening has grown until a showed their this morn-ing in a positive declaration against the white of-ficers. nel Kuert at once ordered the list Michigan and 6th Ohlo regiments to the scene. These regiments were under arms, but the Ohlo boys were turned back before reaching the camp.

Colonels Kuert and Croxton and also Major Johnson, a colored officer of the regiment, then addressed the men, explaining that their action was in direct violation of the military laws and was punishable by death, and that a continuance would bring the regiment into most unfortunate disfavor. They assured the men that a complaint, if such they felt they rightfully had, should be forwarded to the Governor, and they were assured that such a complaint sent through the proper channels would receive attention from all the officers concerned. Colonel Croxton stated emphatically that this revolt would mean rigid enforcement of the discipline covering such cases, and said he demanded obsedience, and had the power to enforce the demand. The Michigan regiment, which had appeared upon the scene in double time and which was armed for battle, was ordered back to its camp, and the negroes agreed to send their complaints in through the military channels, and in the mean time to obey their white officers. It is not believed here that the white officers will be removed, because it is a fact that the negro officers, who preceded them, resigned on account of incompetency. The Virginia camp is quiet tonight, and no further trouble is anticipated, at least for the present.

## MANY DEER WERE KILLED.

FIRST DAY OF THE OPEN SEASON ON LONG ISLAND-FARMERS PRO-TECTING GAME.

The open season for deer on Long Island began yesterday, and the woods were full of hunters. The deer are plentiful this year, but hunters find that the sport is poor, owing to the general posting of their property by farmers and other owners. Hunting parties which were out all day say that it was almost impossible to travel about, owing to posted land. After covering an unposted strip, they often to get to another unposted section. The farmers have pretty generally agreed that if city sportsmen

The deer, naturally running from the sound of guns, get into a posted section, and, being out of the sound of firing, remain there. If they start to leave they are driven back by the sound of the guns fired on unposted sections.

In spite of these restrictions, a good many deer were killed. From almost all stations along the railroad in the neighborhood of Yaphank carcasses were shipped last night. Many of these, however, were shot on posted ground, with the permission of the owners. The weather was all that could be desired, and, so far as reported, no accidents occurred.
